Award Winning Golf Courses at
Europe's Best Destinations

An aerial photograph of a golf course. The foreground shows a large, irregularly shaped green fairway with several sand traps. A prominent water hazard, likely a lake or reservoir, occupies the right side of the frame, reflecting the sky. The background is filled with a dense forest of tall, mature pine trees. In the far distance, a town or city is visible under a clear, bright sky. The overall scene is lush and scenic.

Tour Course

The Tour Course at Camiral Golf & Wellness is a par-72 parkland/woodland track designed by Angel Gallardo. The course is of similar quality, to its brother, the stunning Stadium Course, but is a little bit shorter and offers a little more leeway off the tee. The course plays 6,453 yards and offers a great round in a beautiful Spanish setting. The resort is home to the European Tour Qualifying School and is Europe's finest golfing estate. The signature hole, the 13th hole is a hard par 4 playing just over 400 yards with water lining the right side of the hole so an accurate tee shot is crucial.

Stadium Course

Home of the Spanish Open and continual host of the European Tour Qualifying School is the spectacular PGA Camiral Golf & Wellness and one of Europe's finest golfing estates. Considered to be one of Spain's greatest golf courses, the PGA Camiral's Stadium Course is one of those layouts that every golfer should tackle at least once in their lifetime. Designed by Angel Gallardo and Neil Coles, the Stadium Course is by no means out of reach for novices.

Thanks to five sets of tees on each hole, golfers of all levels can enjoy this wonderful course. But be prepared for a challenge, old oak trees, evergreens, heather and numerous water hazards are just some of the obstacles that will require careful negotiation. PGA Camiral's Stadium Course has also benefited from €1 million sustainability-focused renovation by enhancing the area's eco-diversity. Improvements have also been made to the design and definition of the course, with rapid greens and intimidating bunkers.
