Gloria New

The Par 72 Gloria New Course consists of 18 holes and has become very popular amongst golfers since it first opened in 2005. Golfers of all abilities will be challenged during the round as you face 4 large lakes and 67 bunkers in a surrounding of pine trees and wildlife. A round on the Gloria New Course is sure to make any golf holiday in Turkey memorable. Measuring in at 6523 yards, this 18-hole masterpiece has hosted European Senior and Challenge Tour events, PGA of Europe events and the World Amateur Championships. The fairways are immaculate and well-maintained year-round. If you're looking for a challenging, fun and interesting round, you'll not be disappointed with Gloria's New Course.

Gloria Old

The championship golf course was opened in 1997 and has since played host to a number of European Tour Event over the years. This 18 hole, par 72 golf course makes for a truly challenging round with its seven freshwater lakes and plenty of well-placed bunkers to catch you out. The large greens may seem deceptively easy, but they are kept in excellent condition and are pretty quick. The narrow fairways leave little margin for error so there are a lot of challenges to face to score well.

Montgomerie Maxx Royal

You will experience some truly spectacular holes on this golf course which features challenging and undulating fairways with many strategic options. The front nine involves numerous water hazards while the back nine provides testing tee shots over large expanses of sandy wasteland.

Made up of six par 5's, six par 4's and six par 3's, it's a test worth taking on. The clubhouse acts as the perfect resting place after being put to the test by this challenging golf course. It is known to be one of the most impressive clubhouses in Belek with its elevated views from the 30 meter tower over the golf course. These spectacular views can also be enjoyed from the terrace which looks out over the 18th hole. There are also excellent practice facilities at the Papillon Golf Club. So whether you need to practice your golfing skills, or simply want to warm up before your round, you will have plenty of opportunity to do so to get the most out of your game.

PGA Sultan

The championship PGA Sultan Course at Antalya Golf Club is a must-play for golfers visiting Belek. A demanding round lies in wait, but one that offers spectacular views throughout. The 1st tee shot is tight and testing with water left and right, and there is no let-up by the time you get to the 18th; an elevated tee with more water comfortably in play. A true challenge for all.
